Hydrofracking. Seriously, you don't know anything about how there is a point of contact for all issues related to unconventional oil and gas work, and I am the person for OECA? Rob is the contact for Region 6 (a senior advisor to RA I think). I know Apple usually has lead for AED, but all managers should at least be aware of it....sigh.

May contain sensitive communication for internal deliberations only, attorney-client communication, attorney work product, and/or enforcement sensitive information. Do not distribute outside the U.S. Government.

Hi Greg – sorry, was assuming you'd read email chain below. I was asking about the Eagle Ford 114s (not all 114s); Rob Lawrence in R6 has been inquiring. Thanks!

Carol,

We're still trying to figure out what the new policy means with regarding to delegation. We're working through our first stacking 114

Hi Greg – Apple is out this week. Do you know the latest re the 114s and if it is something I can talk about on a larger

agency-wide HF POC call (or I can tell Rob to talk to his R6 folks if he asks on the call)?

FYI, R6's Rob Lawrence called me late last week to see what I had heard about the Eagle Ford 114s. Not sure it will come up but it might be good for Carol to know the latest.

Thanks,

Jim
